

Span 2 Final Exam Extra Credit Comparisons & Superlatives do 20

A crossword puzzle grid is shown on a light gray background. The grid consists of white squares for letters and black squares for empty space. There are three starting points for words, each labeled with a number in its top-left corner:

- 1**: Located at the top left, it is the start of a vertical word. The grid shows 15 squares in this column, with the first square containing the number 1.
- 2**: Located in the upper middle, it is the start of a vertical word. The grid shows 10 squares in this column, with the first square containing the number 2.
- 3**: Located at the bottom left, it is the start of a horizontal word. The grid shows 15 squares in this row, with the first square containing the number 3.

The grid is composed of the following squares:

- Column 1: 15 squares (row 1 to row 15). The first square (row 1) contains the number 1.
- Column 8: 10 squares (row 4 to row 13). The first square (row 4) contains the number 2.
- Row 15: 15 squares (column 1 to column 15). The first square (column 1) contains the number 3.

Horizontal
